

We wish to advise that we have been able to accomplish a significant portion of our Phase Two works while achieving our goal of minimal disruption to our neighbouring community, which includes French Street to the West, to Wrightson Road to the South, to Victoria Square West to the East and to Ariapita Avenue to the North.

In August 2021, the national community said goodbye to our iconic Silver Sentinels with a tribute light show and since then we have moved several truckloads of material and machinery off the site.

The resumption of works is expected to commence by January 3rd, 2023. Activities will take place from Monday to Saturday between 7:00 a.m. and 7:00 p.m. While we expect some demolition-related noise and dust from time to time, we can advise that we have implemented appropriate measures to mitigate and minimise these effects. The impact of the works is not expected to be significant and will be regularly monitored in compliance with applicable safety and environmental regulations.

Public Consultation

Ahead of the resumption of works, we would like to share with you details of continuation of Phase Two activities via our virtual public consultation on December 22nd, 2022 at 5:00 p.m. The meeting link will be accessible via our website at www.powergen.co.tt/posdecom and on Facebook at www.facebook.com/pgcpowergentt

The Project Team would also like to stay connected with you. Our contact information is listed below:
